Purpose

The Music Department of Virginia Tech is pleased to host this camp for student musicians (rising 7th through 10th graders). The camp focuses on the development of individual musical skills together with regular and extensive contact with professional educators and musicians.

Musical Activities

Campers participate in daily band, small ensemble or jazz ensemble rehearsals. Through master classes in individual instruments students are encouraged to develop comprehensive skills by attempting a variety of approaches to musical accomplishment. Classes are offered in such areas as conducting, jazz, improvisation, composition, and computer applications in music. Optional private lessons are available. A final concert will be presented on Saturday morning, June 27.

Recreational Activities

Evening activities include a student talent night, faculty recital, movie night, swimming party, intramural sports, and game night all under the supervision of camp staff.
